

DIGITAL SIGNAGE

— WITHOUT DESIGN LIMITS —

Vision Graphics provides digital signage solutions proudly display your own designs without limits forced by pre-programmed templates. Our display solutions break all of the barriers, allowing complete control of every element on the screen.

With our 1-step Hot-Swap data management technology, your displays will reflect the most up-to-date information in your POS system.

Add or overlay video, text or images to actively promote products, services or specials.

- ✓ Reinforce your brand
- ✓ Use your own design
- ✓ No fixed templates
- ✓ **1-STEP** integration with POS data
- ✓ Full-video content
