

Restaurant Digital Menu Boards

Benefits

- Up-sell! Digital Menu Boards present a huge opportunity for the up-sale.
- Easily change menu items or pricing in just a few clicks
- Automatically schedule menu based on time, day or audience with your custom schedule.
- Reduce perceived wait times by entertaining or enhancing your customer experience.
- Guarantee your brand consistency by controlling the content in several locations by management remotely. No more wondering if an employee remembered to change out the sign.
- Reduce printing costs of new menu boards and save in labor for changing out new menu displays.
- Crystal clear high-definition will wow your customer and make your brand look incredible!
- Give back to the community by advertising local events or welcoming special groups.
