

Fabric & Dye Sublimation Material

Vision Graphics supplies a large variety of fabrics to meet each specific need. All Vision Graphics textiles are environmentally progressive. The polyester used in the manufacturing process is made of 20% recycled polyester and is 100% recyclable. A water-based coating technology has been implemented which is extremely earth friendly; between 75% and 90% of the coating is biodegradable. Our textiles are compatible with eco-solvent, solvent, UV, Latex or dye-sublimation printers.

Vision FR Knit

Vision FR Knit is a 7.5 oz. 100% polyester poplin with a matte finish. Vision FR Knit is bath coated with a digital water-based, 100% biodegradable coating. The polyester yarn knit and special coating make it an easily printable fabric that is wrinkle and crease resistant. Vision FR Knit is compatible with direct disperse, UV, Latex and dye sublimation transfer printing. Available in widths from 61"-198".

Vision Flag

Vision Flag is 100% polyester with a weight of 3.4oz/yd². Vision Flag can be printed on both sides or sewn together with a backer in-between to create opaque double-sided flags and banners. Combined with UV resistant or dispersed inks, it make an excellent outdoor banner fabric. It has an open area of 54%. Available in widths of 60" or 120".

Vision Back-lit Knit

Vision Back-lit Knit is a woven fabric ideal for use with retail applications. Vision Back-lit Knit is designed and coated to hold a high resolution and wide color gamut. The structured print surface allows for rich and uniform saturation resulting in vivid backlit graphics on a wide range of platforms (direct disperse, Latex, transfer and UV). Vision Back-lit Knit is fire resistant and available up to 126" wide.

Vision Artist Canvas

Vision Artist Canvas 65/35 is a 12 oz. canvas composed of a 65 percent cotton and 35 percent polyester blend with an acrylic-gesso top coat. The gesso coating can be folded and stretched without cracking and provides a uniform low-glare finish. Vision Artist Canvas 65/35 is free of heavy metals and designed to offer crisp detail and rich tonal range making it ideal for fine resolution art reproduction as well as various art décor applications. Vision Artist Canvas 65/35 is available with both matte and gloss finishes and is compatible with solvent, Latex, and UV inks in sizes up to 56".

Vision Premium Artist Canvas

Vision Premium Artist Canvas shares all of the qualities of Vision Artist Canvas, and is available in sizes up to 122".
