

## Vinyl Material

*Vision Graphics carries a wide range of front-lit banner materials that work with solvent, eco-solvent, UV, and Latex printers. They are available in a wide variety of thicknesses, strengths, finishes and sizes to help meet your specific application requirements. The flexible blackout materials may be printed on both sides and used indoors and/or outdoors primarily for signs, banners, displays and general event graphics.*

### **Vision Outdoor Blockout - 18 oz.**

Vision Outdoor Blockout 18 oz. is a heavy duty blackout banner material for indoor or outdoor applications. The uniquely woven 1000 x 1000 scrim provides strength and stability under harsh weather conditions. Vision Pole Banner 18 oz. is designed for two-sided applications where complete opacity is required. Both sides of the material have a matte finish and are compatible for use with solvent, eco-solvent, UV and screen printing. Available in widths from 38" to 196".

### **Vision Banner Pro - 13 oz.**

Vision Banner Economy is a 13 oz. front-lit billboard and banner material that is compatible with latex, solvent and UV inks. The face film provides exceptional ink receptivity and consistent prints from batch to batch. Vision Banner Economy is available in matte and gloss finishes in widths ranging from 38" – 196". Vision Banner Economy is also available with a black-back. This version provides optimal opacity for front-illuminated hanging signs, banners and billboards. Available in widths of 126", 150" and 196".

### **Vision Billboard - 7 oz.**

Vision Economy Billboard is a 7 oz. black-backed substrate for billboard applications specially formulated for high speed one pass printing. Ideal for any billboard application where complete opacity is necessary. Vision Economy Billboard comes in full 196" widths for customers who have strict posting requirements.
