

Wall Covering Material

Vision Graphics specialty materials serve as a unique offering to the printing industry. We have hand-picked these particular Wall Covering products so that our clients can differentiate themselves from their competition. Our specialty materials work with solvent, eco-solvent, UV and Latex printers. Custom and specialty wall covering textures are available upon request.

Vision Wall Coverings

Vision Wall Coverings are quality, durable, flexible materials for use as wall-covering or upscale banner applications for UV, solvent and screen printing. Wallsapes wallcovering can be installed using most commercial types of adhesives or can be sewn or grommeted. Wallsapes also meets ASTM E-84-03 standards for Class A, Type II wallcovering.

Vision Graphics stocks four embossments: **Suede, Stardust, Matte and Bali Hai** with numerous other embossments available by special order. Wallsapes are available in standard 54”.

Vision Magnetic Receptive

Vision Magnetic Receptive is the new standard of magnetic receptive media with an impressive array of benefits at an affordable price. The enhancements of Vision Magnetic Receptive include roll widths up to 74”, a film thickness optimized for easy installation on site, no edge chipping, a neutral white point and exceptional durability in high traffic environments. Vision Magnetic Receptive is eco-solvent, solvent and UV printable. Available in 54”, 60” and 74” widths.
